Traffic Count:

63,000 cars per day

Price:

Call for pre-construction pricing

Latitude/Longitude:

35.176771/-101.853697

Description:

This high profile billboard appears to sit in the middle of the interstate as traffic approaches coming from downtown and I-40. It has the best viewing of any billboard in the entire city. Located between Washington and Georgia Streets, it reads to all commuter and tourist traffic driving south on I-27. This digital will make a huge impression with its vibrant changing copy. Book your spot today!
